DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on July 25, 2007 was filed after the mailing date of the Office Action on June 12, 2007. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

2. Claims 1-47 have been allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for allowance of claims 1-47 is the inclusion of the limitation of an inkjet printhead that includes "each heater element is configured such that an actuation energy of less than 180 nanojoules (nJ) is required to be applied to that heater element to heat that heater element sufficiently to form a bubble in the bubble forming liquid thereby to cause the ejection of a drop of the ejectable liquid through a nozzle". It is this limitation found in the claims, as it is claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes these claims allowable over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
